Full T1 1.536M	FR13	\$950.00	\$1,200.00	\$2,900.00

Above Service Includes:

- US West frame relay circuit and PVCs. *Infinity AccessNET* contracts for and pays for all US WEST charges.
- Internet access for your network with bandwidth shown above available 24 hours per day, 7 days per week.
- One unlimited single dialup account for maintenance and technical support.
- Sufficient IP address space for your network. Additional charges for 512 contiguous IP addresses may apply.
- 10 SMTP/POP3 mail accounts. Additional POP3 mail accounts are \$5.00 each per month.
- 10MB for web page / ftp space / database. If used for web page, allows up to 10,000 hits per month.
- ADC/Kentrox PaceSetter router & DSU/CSU and all cabling (If required). We can quote Cisco and other routers.
- Onsite configuration and assistance with *Infinity* supplied routers.
- While we can not guarantee success in assisting in configuring other routers, we will perform onsite installation on your equipment on a per-hour basis.

Optional Backup Line		Monthly Charge	Install and Setup	Backup Line Option Notes
64K ISDN	FR50	\$110.00	\$475.00	Dependent on router capability.
128K ISDN	FR51	\$195.00	\$475.00	Dependent on router capability.

If you are not certain if frame relay service is available at your location, give us a call and we will contact your local telephone carrier to confirm that facilities are available.

This qualification usually only takes one to two business days.

US WEST frame relay service can take up to 60 days for installation. Please call us for current installation scheduling for your facility location.

Resale of access requires explicit approval and application of additional monthly recurring fees.
